Employee & Operations Handbook

Comprehensive Policies, Benefits, Compliance Standards,
and HR Operations Runbooks

Version 1.0 — September 2026
Classification: Confidential — Internal Use Only
Owner: People Operations & Human Resources

Document Control

Field	Value
Document Title	Surya Enterprises Employee & Operations Handbook
Version	1.0
Effective Date	07 September 2026
Owner	Chief People Officer
Review Cycle	Annual, or upon material policy change
Classification	Confidential — Internal Use Only
Applies To	All employees, contractors, and interns of Surya Enterprises Private Limited and Surya Enterprises Inc.

This document consolidates Surya Enterprises' employment policies, department-specific operating standards, and HR operations runbooks into a single reference. It is structured in four parts: Part I covers company-wide employment policies; Part II covers department-specific policies; Part III contains HR operations runbooks for internal HR use; and Part IV contains reference appendices, including an escalation matrix, glossary, standard forms, and frequently asked questions.

Table of Contents

PART I — COMPANY-WIDE EMPLOYMENT POLICIES

1. Company Overview and Mission
2. Organizational Structure and Governance
3. Employment Classifications and Terms
4. Annual Leave Policy
5. Sick Leave and Medical Leave Policy
6. Parental, Maternity, and Family Leave
7. Remote and Hybrid Work Policy
8. Working Hours, Attendance, and Overtime
9. Payroll and Compensation Administration
10. Statutory Compliance and Taxation
11. Employee Benefits
12. Performance Management
13. Learning and Development
14. Recruitment and Onboarding
15. Offboarding and Separation
16. Code of Conduct and Business Ethics
17. Anti-Harassment and Anti-Discrimination Policy
18. Anti-Bribery and Anti-Corruption Policy
19. Whistleblower Policy
20. Information Security Policy
21. Data Privacy Policy
22. Acceptable Use of Company IT Assets
23. Confidentiality and Intellectual Property
24. Disciplinary Procedure
25. Grievance Procedure
26. Health, Safety, and Security
27. Diversity, Equity, and Inclusion
28. Travel and Expense Policy
29. Procurement and Vendor Management
30. Business Continuity and Disaster Recovery
31. Environmental Sustainability and Corporate Social Responsibility
32. Social Media and External Communications Policy

PART II — DEPARTMENT-SPECIFIC POLICIES

33. Engineering Department Policies
34. Sales and Customer Success Department Policies

- 35. Finance and Accounting Department Policies
- 36. Marketing Department Policies
- 37. IT and Facilities Department Policies

PART III — HR OPERATIONS RUNBOOK

- 38. HR Operations Runbook: New Employee Onboarding
- 39. HR Operations Runbook: Leave Request Support
- 40. HR Operations Runbook: Payroll Issue Priority
- 41. HR Operations Runbook: Employee Record Changes
- 42. HR Operations Runbook: Offboarding

PART IV — REFERENCE APPENDICES

- 43. Appendix A: Escalation Matrix and Key Contacts
- 44. Appendix B: Glossary of Terms
- 45. Appendix C: Standard Forms and Templates
- 46. Appendix D: Frequently Asked Questions

PART V — EXTENDED REFERENCE

- 47. Role Library: Engineering and Product
- 48. Role Library: Sales, Marketing, and Client Delivery
- 49. Compensation Bands and Benchmarking
- 50. Regional Policy Addendum: India Offices
- 51. Regional Policy Addendum: United States Operating Unit
- 52. Standard Operating Procedures: Common HR Tasks
- 53. Standard Operating Procedures: IT and Security Operations
- 54. Standard Operating Procedures: Finance Operations
- 55. Data Retention Schedule
- 56. Risk Register and Internal Controls Overview
- 57. Sample Policy Acknowledgement and Correspondence Templates
- 58. Appendix E: Extended Frequently Asked Questions

PART VI — OPERATIONAL REFERENCE

- 59. Systems and Tools Directory
- 60. Approved Vendor Categories and Procurement Reference
- 61. Security Control Catalog
- 62. Public Holiday Calendar (Reference Years)
- 63. Sample Job Description Templates
- 64. Client Engagement Models
- 65. Meeting Cadence and Governance Calendar
- 66. Internal Communication Standards
- 67. Extended Onboarding Curriculum (First 90 Days)

- 68. Change Management Policy (Engineering Systems)
- 69. Sample Incident Postmortem Template
- 70. Policy Revision History and Governance
- 71. Appendix F: Cross-Reference Index by Topic

PART VII — GOVERNANCE AND PROGRAM DETAIL

- 72. Legal Entity Structure and Board Governance
- 73. Ethics and Compliance Committee Charter
- 74. Health, Safety and Security Committee — Procedures by Hazard Type
- 75. Insurance Plan Details
- 76. Diversity, Equity, and Inclusion — Program Detail
- 77. Corporate Social Responsibility — Program Detail
- 78. Statutory Filings and Compliance Calendar
- 79. Appendix G: Statutory and Compliance Forms Reference

Part I — Company-Wide Employment Policies

CHAPTER 1

Company Overview and Mission

1.1 About Surya Enterprises

Surya Enterprises is a technology and professional services company headquartered in Chennai, Tamil Nadu, India, with regional offices in Bengaluru, Hyderabad, Pune, and a remote-first operating unit supporting employees across North America and Europe. Founded to deliver reliable software products and consulting services to mid-market and enterprise clients, Surya Enterprises has grown into a multi-disciplinary organization spanning engineering, sales, marketing, finance, human resources, and customer operations.

This Handbook is the authoritative reference for all policies, procedures, and operational runbooks that govern employment and day-to-day operations at Surya Enterprises. It is intended for use by employees, people managers, HR business partners, and any automated system (including internal knowledge assistants) that needs an accurate, structured source of company policy.

1.2 Mission Statement

Surya Enterprises exists to help organizations move faster and operate more reliably through well-engineered software, thoughtful process design, and dependable partnership. We measure our success by the durability of our client relationships and the growth of our people.

1.3 Core Values

- Integrity First — we do the right thing even when no one is watching.
- Ownership — every employee is empowered and accountable for outcomes, not just tasks.
- Craftsmanship — we take pride in the quality of our work, from code to customer communication.
- Respect — we treat colleagues, clients, and partners with dignity, regardless of role or seniority.
- Continuous Learning — we invest in the growth of our people as much as our products.
- Transparency — decisions and their rationale are communicated openly wherever possible.

1.4 Company Structure

Surya Enterprises operates as a single legal entity in India (Surya Enterprises Private Limited) with a wholly owned subsidiary, Surya Enterprises Inc., handling contracting and payroll for employees based in the United States. The Board of Directors is supported by an Executive Leadership Team (ELT) comprising the Chief Executive Officer, Chief Operating Officer, Chief Technology Officer, Chief Financial Officer, Chief People Officer, and Chief Revenue Officer.

Office	Location	Primary Function
Corporate HQ	Chennai, Tamil Nadu	Executive leadership, Finance, Legal

Office	Location	Primary Function
Engineering Hub	Bengaluru, Karnataka	Product Engineering, Platform, SRE
Delivery Center	Hyderabad, Telangana	Client Delivery, QA, Support
Innovation Lab	Pune, Maharashtra	R&D;, Data Science, AI Systems
Remote Operating Unit	United States / Europe (remote)	Sales, Customer Success, Partnerships

1.5 How to Use This Handbook

This Handbook is organized into policy chapters (Part I), department-specific addenda (Part II), HR operational runbooks (Part III), and reference appendices (Part IV). Where a region-specific variation exists — for example, differences between India-based and US-based employment terms — the relevant chapter includes a dedicated subsection. In case of any conflict between this Handbook and an individual's signed employment agreement, the employment agreement takes precedence, and HR should be consulted to reconcile the discrepancy.

CHAPTER 2

Organizational Structure and Governance

2.1 Departments

Surya Enterprises is organized into the following departments, each led by a department head who reports into the Executive Leadership Team: Engineering, Product, Design, Data & AI, Quality Engineering, Site Reliability, Sales, Marketing, Customer Success, Finance & Accounting, Human Resources, Legal & Compliance, IT & Information Security, and Facilities & Administration.

2.2 Reporting Lines and Spans of Control

Every employee has one designated direct manager recorded in the HR system. Dotted-line or matrix reporting relationships (for example, a Delivery Center employee supporting a client engagement led by a different practice) must be documented in the HR portal so that leave approvals, performance reviews, and escalations route correctly. Managers are expected to maintain a span of control of no more than ten direct reports; exceptions require Chief People Officer approval.

2.3 Decision Rights and Approval Authority

Decision	Approver	Escalation
Leave approval	Direct manager	Department head
Expense claim up to INR 25,000	Direct manager	Finance controller
Expense claim above INR 25,000	Department head	CFO
New hire requisition	Department head	CPO / CEO
Offer letter issuance	HR + Department head	CPO
Vendor contract up to INR 5,00,000	Department head	Procurement + CFO
Policy exception (leave, WFH, etc.)	HR Business Partner	Chief People Officer

2.4 Committees

- Executive Leadership Team (ELT) — strategic and cross-functional decisions, meets weekly.
- Compensation Committee — salary bands, promotions, equity, meets quarterly.
- Ethics and Compliance Committee — reviews escalated conduct and whistleblower matters.
- Health, Safety and Security Committee — workplace safety and incident review.
- Diversity, Equity and Inclusion Council — inclusion initiatives and metrics.

CHAPTER 3

Employment Classifications and Terms

3.1 Employment Types

- Full-Time Employee (FTE) — regular, indefinite-term employment with full benefits eligibility.
- Fixed-Term Contractor — engaged for a defined project or period, typically 3 to 12 months.
- Intern — engaged for a defined training period, typically 3 to 6 months, under a mentor.
- Consultant / Freelancer — engaged through a statement of work, not an employee of the company.

3.2 Probation Period

All new full-time employees serve a probation period of 90 calendar days from their date of joining, extendable once by up to 90 additional days at the discretion of the manager and HR where performance or conduct concerns warrant closer evaluation. Confirmation of employment beyond probation is communicated in writing via the HR portal. Either party may terminate employment during probation with 15 days' written notice, or payment in lieu of notice.

3.3 Notice Period

Employee Category	Notice Period
Probationary employee	15 calendar days
Confirmed employee — Individual Contributor	30 calendar days
Confirmed employee — Manager and above	60 calendar days
Confirmed employee — Director and above	90 calendar days

Surya Enterprises may, at its discretion, relieve an employee before the completion of the notice period and pay salary in lieu of the unserved portion. Employees who wish to be relieved early must obtain written manager and HR approval; unapproved early departure may result in recovery of salary in lieu of notice from the final settlement.

3.4 Working Location and Transfers

Surya Enterprises may reassign an employee's primary work location to another company office within reasonable commuting considerations, or offer a transfer to a different office or business unit. Transfers that require relocation to a different city are voluntary unless explicitly agreed to in the employment contract, and will be accompanied by a relocation support package as described in Chapter 11.

CHAPTER 4

Annual Leave Policy

4.1 Entitlement

Full-time employees receive 20 days of paid annual leave per calendar year, credited in full at the start of the calendar year for confirmed employees, and on a pro-rata monthly basis (1.67 days per completed month) for employees joining mid-year or still on probation. Fixed-term contractors accrue annual leave on a pro-rata basis in accordance with applicable state Shops and Establishments legislation.

4.2 Requesting Leave

Leave requests should normally be submitted through the HR portal at least 5 working days before the planned leave date. Manager approval is required before leave is considered confirmed; submitting a request does not by itself guarantee approval, particularly during periods of critical business coverage such as month-end close, release weeks, or active client escalations.

Emergency leave requests submitted with less than 5 working days' notice will be considered on a case-by-case basis by the manager, who should document the reason for the exception in the HR portal.

4.3 Carry-Forward and Encashment

Unused annual leave may be carried forward up to 5 days into the next calendar year and must be used by March 31 of that year unless HR grants an exception in writing. Leave balances in excess of the 5-day carry-forward cap that remain unused at calendar year-end are forfeited and are not eligible for encashment during active employment. At the time of final separation, all confirmed employees are eligible for encashment of unused, unforfeited annual leave at their last drawn basic salary rate.

4.4 Leave During Notice Period

Employees serving their notice period may take annual leave only with prior written approval from their manager and HR, and such approval will generally not be granted for the final 5 working days of the notice period to allow time for knowledge transfer and handover activities.

4.5 Public Holidays

Surya Enterprises publishes a list of 12 paid public holidays each calendar year via the HR portal, reflecting a mix of national holidays and regionally observed festivals applicable to each office location. Employees based in the United States follow the US public holiday calendar published separately by the People Operations team.

CHAPTER 5

Sick Leave and Medical Leave Policy

5.1 Entitlement

Employees may take up to 10 paid sick days per calendar year, credited in full at the start of the year for confirmed employees and pro-rated for employees joining mid-year. Sick leave does not carry forward to the following calendar year and is not eligible for encashment.

5.2 Notification

Employees should notify their manager as early as possible on the first day of absence, ideally before the start of their normal working hours, using the HR portal, email, or instant message. Where an employee is medically unable to notify their manager directly, a family member or colleague may notify on their behalf, with the employee updating the HR portal once able to do so.

5.3 Medical Documentation

For absences longer than 2 consecutive working days, HR may request appropriate medical documentation, such as a physician's certificate confirming the illness and expected duration of absence. Documentation should be uploaded to the HR portal within 3 working days of returning to work. Repeated short-duration sick absences without documentation (more than 4 occurrences of 1–2 days within a rolling 3-month period) may prompt a supportive conversation with the manager and HR to identify underlying causes.

5.4 Extended Medical Leave

Where an illness or injury requires absence beyond the 10 paid sick days available in a calendar year, the employee may apply for extended unpaid medical leave of up to 60 additional calendar days, or may use available annual leave to remain in paid status, subject to HR approval and, where applicable, supporting medical certification. Employees on extended medical leave remain eligible for group medical insurance coverage during the leave period.

5.5 Sick Leave and Remote Work

Sick leave should be recorded honestly and is not intended to be substituted with light remote work on days an employee is unwell. An employee who is well enough to perform limited work from home but not to commute may, with manager agreement, work a partial or flexible day instead of taking a full sick day; this arrangement is optional and at the employee's discretion.

CHAPTER 6

Parental, Maternity, and Family Leave

6.1 Maternity Leave

Eligible employees who have worked at least 80 days in the 12 months preceding their expected delivery date are entitled to 26 weeks of paid maternity leave for up to two surviving children, and 12 weeks for the third and subsequent child, in accordance with the Maternity Benefit Act, 1961 as amended. Up to 8 weeks of this leave may be availed before the expected delivery date, with the remainder taken after childbirth.

6.2 Paternity and Partner Leave

Surya Enterprises provides 15 calendar days of paid paternity or partner leave, to be availed within 6 months of the child's birth or adoption, in one or two blocks, subject to manager approval on scheduling.

6.3 Adoption and Surrogacy Leave

A commissioning or adopting parent of a child below 3 months of age is entitled to 12 weeks of paid leave from the date the child is placed with the parent, consistent with statutory requirements for the applicable employee category.

6.4 Return-to-Work Support

Employees returning from maternity, paternity, adoption, or surrogacy leave may request a phased return over the first 4 weeks (reduced hours or hybrid schedule at full pay), subject to role requirements and manager agreement. Nursing mothers are provided access to a private lactation room at each office location.

6.5 Family Care and Compassionate Leave

Leave Type	Duration	Notes
Bereavement leave (immediate family)	5 working days	Spouse, child, parent, sibling
Bereavement leave (extended family)	2 working days	Grandparent, in-law, aunt/uncle
Compassionate / family care leave	Up to 5 days/year	Manager + HR approval
Jury duty / legal summons leave	As required, paid	Proof of summons required
Marriage leave	3 working days	Once per employment, own marriage

CHAPTER 7

Remote and Hybrid Work Policy

7.1 Eligibility

Eligible employees may work remotely up to 2 days per week with manager approval. Eligibility depends on role requirements; roles that require physical presence (such as facilities, front-desk, or on-site client support) are excluded and this is documented in the role's job description. Fully remote arrangements beyond the standard 2 days per week require Department Head and HR approval and are reviewed quarterly.

7.2 Expectations While Working Remotely

- Employees must remain reachable during agreed working hours via company chat and calendar tools.
- Employees must use company-approved collaboration tools for all work communication and file storage.
- Employees must protect confidential information, including securing screens in public spaces and using a VPN when required.
- Remote work is not a substitute for dependent-care arrangements during working hours.
- Employees must maintain a safe, ergonomic, and distraction-appropriate home working environment.

7.3 Equipment and Connectivity

Surya Enterprises provides a standard-issue laptop and, where required by role, a monitor, headset, and ergonomic accessories for remote work. Employees working remotely are expected to maintain a stable internet connection of at least 25 Mbps; a monthly internet reimbursement is available as described in Chapter 11 (Benefits).

7.4 International Remote Work

Employees wishing to work temporarily from a country other than their designated work location (a 'work-from-anywhere' request) must obtain approval from their manager, HR, and Legal at least 3 weeks in advance, owing to tax, immigration, and data protection implications. Such arrangements are generally limited to 30 calendar days per year.

CHAPTER 8

Working Hours, Attendance, and Overtime

8.1 Standard Working Hours

Standard working hours are 9:00 AM to 6:00 PM, Monday through Friday, with a 1-hour meal break, totaling 40 working hours per week. Teams may use approved flexible schedules (for example, a 7:00 AM–4:00 PM or 11:00 AM–8:00 PM band) if business coverage is maintained and the arrangement is agreed with the manager.

8.2 Attendance Recording

All employees are required to log attendance through the HR portal or approved biometric system at each office location. Employees working remotely record attendance through the HR portal's check-in feature. Attendance records are used for payroll processing, leave balance reconciliation, and statutory compliance reporting.

8.3 Lateness and Unapproved Absence

Repeated unapproved absence or lateness should be discussed with the manager and may be escalated to HR. Three or more instances of unexplained lateness (arrival more than 30 minutes after the agreed start time) within a calendar month will trigger an informal conversation; continued patterns may lead to a formal performance discussion under the Disciplinary Procedure described in Chapter 24.

8.4 Overtime

Overtime work must be pre-approved by the manager wherever foreseeable. Non-exempt employees (as defined by applicable state Shops and Establishments legislation) who work beyond statutory daily or weekly thresholds are compensated at 2x the ordinary hourly rate, or granted equivalent compensatory time off within the following 30 days, at the employee's election. Exempt employees (managers and above) are not eligible for overtime pay but may be granted discretionary time off for sustained periods of extended work, such as a release period.

CHAPTER 9

Payroll and Compensation Administration

9.1 Pay Cycle

Monthly salary is normally paid on the final business day of each month, via direct deposit to the bank account registered by the employee in the HR portal. Where the final business day falls on a public holiday, payment is processed on the preceding business day.

9.2 Payslips

Employees should review their payslip in the HR portal, where it is published no later than 2 working days after the pay date. Payslips detail gross salary, statutory deductions (Provident Fund, Professional Tax, Income Tax at source, ESI where applicable), voluntary deductions, and net pay.

9.3 Salary Structure

Component	Description	Typical % of CTC
Basic Salary	Base pay, statutory calculation reference	40%
House Rent Allowance (HRA)	Housing allowance, tax-exempt subject to limits	20%
Special Allowance	Flexible component	22%
Provident Fund (Employer)	Retirement contribution	~6%
Gratuity Provision	Statutory long-service benefit accrual	~5%
Performance Bonus Target	Variable, role-dependent	7-15% (target)

9.4 Reporting Discrepancies

Payroll discrepancies should be reported to Payroll Support through the HR portal ticketing system within 5 business days of receiving the payslip. Payroll Support will acknowledge the ticket within 1 business day and target resolution according to the priority matrix described in Chapter 27 (HR Operations Runbook – Payroll Issue Priority).

9.5 Annual Compensation Review

Surya Enterprises conducts an annual compensation review each April, informed by individual performance ratings, market benchmarking, and internal pay equity analysis. Off-cycle compensation changes (for promotion, retention, or market correction) may be approved by the Compensation Committee at any time during the year.

CHAPTER 10**Statutory Compliance and Taxation****10.1 Provident Fund**

Surya Enterprises is registered under the Employees' Provident Fund and Miscellaneous Provisions Act, 1952. Both employee and employer contribute 12% of basic salary (subject to statutory wage ceilings) to the Employees' Provident Fund each month.

10.2 Employee State Insurance (ESI)

Employees whose gross monthly salary is at or below the statutory ESI wage threshold are covered under the Employees' State Insurance scheme, providing medical benefits in addition to the company group medical plan.

10.3 Professional Tax and Income Tax

Professional tax is deducted in accordance with the slab applicable to the employee's state of employment. Income tax is deducted at source (TDS) each month based on the employee's declared tax regime and investment declarations submitted through the HR portal. Employees should submit final proof of investments by January 31 each year to avoid excess TDS deduction in the final quarter.

10.4 Gratuity

Employees who complete 5 or more years of continuous service are eligible for gratuity under the Payment of Gratuity Act, 1972, calculated as 15 days of last drawn basic salary for each completed year of service, paid at the time of separation.

10.5 US Employees — Payroll and Tax

Employees engaged through Surya Enterprises Inc. in the United States are paid on a semi-monthly basis (15th and last business day of the month) and are subject to federal, state, and applicable local tax withholding based on the Form W-4 on file. Benefits enrollment for US employees follows the separate US Benefits Guide published by People Operations.

CHAPTER 11

Employee Benefits

11.1 Medical Insurance

Eligible full-time employees receive the company medical plan covering the employee, spouse, and up to two dependent children, with coverage of INR 5,00,000 per family per year on a floater basis. Employees may add parents to the plan at subsidized group rates through voluntary payroll deduction, and may opt for a top-up plan of an additional INR 5,00,000 at their own cost.

11.2 Life and Accident Insurance

Surya Enterprises provides group term life insurance coverage of 3x annual CTC (minimum INR 20,00,000) and group personal accident coverage of the same amount at no cost to the employee, effective from the date of joining.

11.3 Employee Assistance Program (EAP)

All employees and their immediate family members have access to the Employee Assistance Program, offering confidential counseling (in person, phone, or video), legal and financial consultation, and wellness resources, available 24 hours a day, 7 days a week, at no cost.

11.4 Retirement and Long-Term Savings

In addition to statutory Provident Fund contributions, employees may opt into the National Pension System (NPS) with an additional employer contribution of up to 5% of basic salary under Section 80CCD(2), subject to annual enrollment.

11.5 Other Benefits

Benefit	Details
Internet reimbursement	Up to INR 1,500/month for remote-eligible roles
Learning stipend	Up to INR 30,000/year for approved courses and certifications
Wellness allowance	Up to INR 12,000/year (gym, fitness apps, sports)
Relocation support	One-time package for approved inter-city transfers
Childcare assistance	Subsidized creche partnership at HQ and Engineering Hub
Meal benefits	Subsidized cafeteria at office locations; meal card for remote employees

11.6 Enrollment Changes

Enrollment changes outside the annual enrollment window require a qualifying life event (marriage, birth or adoption of a child, loss of other coverage, etc.) and supporting documentation submitted to HR within 30 days of the event.

CHAPTER 12

Performance Management

12.1 Performance Cycle

Surya Enterprises operates an annual performance cycle from April to March, comprising a goal-setting phase in April, a mid-year check-in in October, and a year-end review in March. Managers are expected to hold at least one documented 1:1 conversation with each direct report per month in addition to the formal cycle checkpoints.

12.2 Rating Scale

Rating	Label	Description
5	Outstanding	Consistently exceeds expectations; significant impact beyond role
4	Exceeds Expectations	Regularly exceeds goals with high-quality output
3	Meets Expectations	Fully meets role expectations
2	Partially Meets Expectations	Inconsistent delivery; improvement plan recommended
1	Does Not Meet Expectations	Significant gaps; formal Performance Improvement Plan required

12.3 Performance Improvement Plans (PIP)

An employee rated 1 or 2, or who exhibits a sustained pattern of underperformance outside the formal cycle, will be placed on a Performance Improvement Plan by their manager in consultation with HR. A PIP runs for 30 to 90 days, sets specific and measurable improvement goals, and includes scheduled check-ins. Failure to meet PIP goals may result in termination of employment in accordance with Chapter 24 (Disciplinary Procedure).

12.4 Promotions

Promotions are considered during the annual cycle and require a business case documented by the manager, calibration within the department, and approval from the Compensation Committee. Off-cycle promotions are permitted in exceptional cases such as retention risk or a significant, sustained change in scope.

CHAPTER 13

Learning and Development

13.1 Onboarding Training

All new employees complete a mandatory onboarding curriculum within their first 30 days, covering company overview, code of conduct, information security awareness, data privacy, and role-specific technical training.

13.2 Ongoing Learning

Surya Enterprises maintains subscriptions to online learning platforms accessible to all employees, and reimburses approved external courses, conferences, and certifications up to the annual learning stipend described in Chapter 11. Requests above the stipend require manager and department head approval.

13.3 Mandatory Compliance Training

- Code of Conduct and Ethics — annually, all employees.
- Anti-Harassment and Anti-Discrimination — annually, all employees; additional training for people managers.
- Information Security Awareness — annually, all employees.
- Data Privacy Fundamentals — annually, all employees handling personal data.
- Anti-Bribery and Anti-Corruption — annually, employees in Sales, Procurement, and Finance.

13.4 Mentorship and Career Pathing

Employees may request a formal mentor through the HR portal's mentorship program. Career pathing conversations are encouraged as part of the mid-year check-in, and department heads maintain published career ladders describing the expectations for each level of progression.

CHAPTER 14

Recruitment and Onboarding

14.1 Hiring Process

Hiring begins with an approved requisition from the department head, followed by role posting, structured screening, interview panels of at least two interviewers, and a hiring decision documented in the Applicant Tracking System. All interviewers must complete structured-interview and unconscious-bias training before joining an interview panel.

14.2 Offer and Pre-Joining

HR issues the offer letter following Department Head and, where applicable, Chief People Officer approval. Pre-joining formalities include background verification, reference checks, and collection of identity, educational, and prior-employment documentation.

14.3 New Employee Onboarding Checklist

Before a new employee begins, HR confirms the signed offer, identity and payroll documentation, manager assignment, start date, and required policy acknowledgements. On the first day, HR provides access to the HR portal, benefits information, mandatory training, and this Handbook. See Chapter 25 for the full Onboarding Runbook used by the HR Operations team.

14.4 Probationary Check-ins

Managers conduct check-ins at 30, 60, and 90 days during an employee's probation period, documenting progress against onboarding goals in the HR portal ahead of the confirmation decision.

CHAPTER 15**Offboarding and Separation****15.1 Voluntary Resignation**

An employee wishing to resign submits a resignation letter through the HR portal, triggering the notice period described in Chapter 3. The manager and HR jointly plan a handover, and the employee's last working day is confirmed in writing.

15.2 Planned Departure Checklist

For a planned departure, HR confirms the final working day, manager handover, return of company assets, benefit termination timing, final payroll inputs, and required exit documentation. Access-removal requests are coordinated with IT and the manager according to the employee's final working day, generally effective end-of-day on the last working day.

15.3 Exit Interview

HR offers every departing employee an exit interview, conducted confidentially, to gather feedback on the employee experience. Themes are aggregated and reported to the ELT quarterly without attributing individual comments.

15.4 Full and Final Settlement

Full and final settlement, including any pending salary, encashable leave, and applicable gratuity or bonus, is processed within 45 days of the last working day, subject to completion of the asset return and clearance process.

15.5 Involuntary Separation

Involuntary separations (including termination for performance, conduct, or redundancy) follow the process described in Chapter 24 (Disciplinary Procedure) and applicable statutory requirements, including notice, severance, and retrenchment compensation where required by law.

CHAPTER 16**Code of Conduct and Business Ethics****16.1 General Standard of Conduct**

Employees are expected to maintain a respectful, professional, and harassment-free workplace. This standard applies in the office, while working remotely, at company-sponsored events, and in online interactions on company-related channels, including social media conducted on behalf of the company.

16.2 Conflicts of Interest

Employees must disclose any actual or potential conflict of interest to their manager and the Ethics and Compliance Committee — including outside employment, financial interests in vendors or competitors, and close personal relationships with individuals they supervise or who supervise them. Undisclosed conflicts of interest are treated as a serious conduct matter.

16.3 Gifts and Entertainment

Employees may accept or offer business gifts and entertainment of modest value (under INR 5,000) in the ordinary course of business relationships, provided they are not intended to improperly influence a business decision. Gifts of cash or cash equivalents must never be accepted or offered. Any gift exceeding the threshold must be disclosed to and approved by the Ethics and Compliance Committee.

16.4 Reporting Misconduct

Discrimination, retaliation, bullying, or harassment should be reported to a manager, HR, or the confidential ethics channel. Reports may be made by name or anonymously through the third-party-hosted ethics hotline, available 24x7 in English, Tamil, Telugu, and Hindi.

16.5 Non-Retaliation

Retaliation against employees who raise concerns in good faith is prohibited. Any manager or employee found to have retaliated against a person who reported a concern in good faith, participated in an investigation, or refused to participate in unlawful activity will be subject to disciplinary action up to and including termination.

CHAPTER 17

Anti-Harassment and Anti-Discrimination Policy

17.1 Scope

Surya Enterprises prohibits discrimination and harassment on the basis of race, caste, religion, sex, gender identity or expression, sexual orientation, age, disability, marital status, pregnancy, national origin, or any other status protected by applicable law. This policy applies to all employees, contractors, interns, and third parties working on company premises or on company business.

17.2 Prevention of Sexual Harassment (POSH)

Surya Enterprises maintains an Internal Committee (IC) at each office location in accordance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Complaints may be filed with the IC in writing within 3 months of the incident (extendable at the IC's discretion), and the IC is required to complete its inquiry within 90 days.

17.3 Investigation Process

All harassment and discrimination complaints are investigated promptly, impartially, and confidentially, with information shared only on a need-to-know basis. Both the complainant and respondent are given the opportunity to present their account, and interim measures (such as reporting-line changes) may be implemented to protect the complainant during the investigation.

17.4 Outcomes

Substantiated complaints result in disciplinary action proportionate to the severity of the conduct, ranging from a formal warning to immediate termination, and may be referred to law enforcement where the conduct constitutes a criminal offense.

CHAPTER 18**Anti-Bribery and Anti-Corruption Policy****18.1 Policy Statement**

Surya Enterprises prohibits bribery and corruption in all forms, whether involving government officials or private-sector counterparties, and whether the benefit is offered directly or through a third party such as an agent or distributor.

18.2 Facilitation Payments

Facilitation payments — small payments to expedite routine government action — are prohibited, even in jurisdictions where local custom may treat them as acceptable, unless there is an imminent threat to health or safety.

18.3 Third-Party Due Diligence

Engagement of agents, distributors, or other intermediaries who interact with government officials on the company's behalf requires anti-corruption due diligence coordinated by Legal and Procurement before contract execution.

18.4 Political Contributions

Surya Enterprises does not make political contributions on behalf of the company. Employees participating in personal political activity must do so on their own time and must not represent such activity as endorsed by the company.

CHAPTER 19

Whistleblower Policy

19.1 Purpose

This policy provides a mechanism for employees, contractors, and third parties to report suspected violations of law, regulation, or company policy — including financial irregularities, fraud, safety violations, and conduct violations — without fear of retaliation.

19.2 Reporting Channels

- Direct manager or department head
- Human Resources Business Partner
- Chief Financial Officer (for financial or accounting concerns)
- Confidential ethics hotline, available 24x7 and operated by an independent third party
- Chair of the Ethics and Compliance Committee, for concerns involving senior leadership

19.3 Confidentiality and Protection

Reports may be made anonymously. Identifying information is shared only with individuals directly involved in the investigation on a need-to-know basis. Retaliation against a good-faith reporter is a serious violation of this Handbook and applicable whistleblower protection law.

19.4 Investigation and Governance

All reports are logged and triaged by the Ethics and Compliance Committee within 5 business days. Substantiated findings are reported to the Audit Committee of the Board on a quarterly basis, along with remediation actions taken.

CHAPTER 20

Information Security Policy

20.1 Purpose and Scope

This policy applies to all Surya Enterprises employees, contractors, and systems that create, process, store, or transmit company or client information, whether hosted on company infrastructure, cloud services, or third-party systems.

20.2 Account and Access Management

Access to company systems is granted on a least-privilege, role-based basis and reviewed quarterly by system owners. Multi-factor authentication (MFA) is mandatory for all corporate accounts, including email, VPN, source code repositories, and cloud consoles. Access is revoked within 4 business hours of an employee's last working day, or immediately upon involuntary termination.

20.3 Password and Authentication Standards

Passwords must be at least 14 characters, unique per system, and stored only in the company-approved password manager. Shared accounts are prohibited except where technically unavoidable and approved by IT Security, in which case credentials are rotated after any change in team membership.

20.4 Data Classification

Classification	Examples	Handling Requirement
Public	Marketing materials, published job listings	No restriction
Internal	Internal memos, non-sensitive project plans	Company personnel only
Confidential	Client contracts, source code, financials	Need-to-know, encryption at rest/in transit
Restricted	Personal data, credentials, security incident details	Named-individual access, audit logged

20.5 Incident Reporting

Suspected security incidents — including lost devices, phishing compromise, or unauthorized access — must be reported to the Security Operations team within 1 hour of discovery via the #security-incident channel or the 24x7 security hotline. Employees will never be penalized for promptly reporting a suspected incident, including one caused by their own mistake.

20.6 Device Security

Company-issued devices must have full-disk encryption, endpoint detection and response software, and automatic screen lock after 5 minutes of inactivity. Use of personal devices for company email or file access requires enrollment in the Mobile Device Management (MDM) program.

CHAPTER 21**Data Privacy Policy****21.1 Principles**

Surya Enterprises collects and processes personal data — of employees, candidates, clients, and clients' end users — only for legitimate, disclosed business purposes, in accordance with the Digital Personal Data Protection Act, 2023, and, where applicable to client engagements, the EU General Data Protection Regulation (GDPR) and US state privacy laws.

21.2 Employee Personal Data

Employee personal data collected for HR purposes (identity documents, bank details, medical certificates, performance records) is accessible only to HR, the employee's manager where relevant, and Payroll, and is retained in accordance with the Data Retention Schedule maintained by Legal.

21.3 Data Subject Rights

Employees and candidates may request access to, correction of, or deletion of their personal data by submitting a request to privacy@suryaenterprises.com. Requests are acknowledged within 5 business days and resolved within 30 calendar days.

21.4 Data Breach Response

A suspected personal data breach is escalated immediately to the Data Protection Officer, who coordinates containment, assessment, and any required regulatory or individual notification within statutory timelines.

21.5 Vendor Data Processing

Any third-party vendor processing personal data on the company's behalf must execute a Data Processing Agreement and undergo a privacy and security review coordinated by Procurement and IT Security before onboarding.

CHAPTER 22

Acceptable Use of Company IT Assets

22.1 Permitted Use

Company-issued laptops, phones, software licenses, and accounts are provided for business purposes. Limited, incidental personal use is permitted provided it does not interfere with work, consume significant resources, or violate any other company policy.

22.2 Prohibited Use

- Installing unlicensed or unapproved software on company devices.
- Using company systems to access, store, or distribute unlawful, harassing, or discriminatory content.
- Circumventing security controls, including disabling endpoint protection or MFA.
- Using personal cloud storage or email for company or client confidential data.
- Connecting to unsecured or unknown public Wi-Fi without VPN when accessing company systems.

22.3 Monitoring

Surya Enterprises may monitor use of company systems, including email, chat, and network traffic, to the extent permitted by applicable law, for security, compliance, and operational purposes. Employees should have no expectation of privacy in communications made on company systems.

22.4 AI and Generative Tools

Use of third-party generative AI tools with company or client confidential data is restricted to tools that have been reviewed and approved by IT Security and covered by an appropriate data processing agreement. Employees must not paste client-confidential or personal data into unapproved AI tools.

CHAPTER 23

Confidentiality and Intellectual Property

23.1 Confidential Information

All non-public information relating to Surya Enterprises's business, clients, products, and employees is confidential and must not be disclosed outside the company except as required for legitimate business purposes and, where applicable, under an executed non-disclosure agreement.

23.2 Ownership of Work Product

All work product created by an employee within the scope of their employment — including code, designs, documents, and inventions — is owned by {COMPANY} or, where applicable under the relevant client contract, the client, as provided in each employee's employment agreement.

23.3 Open Source Usage

Incorporation of open-source software into company or client products must comply with the Open Source Usage Policy maintained by Engineering, including license compatibility review before any copyleft-licensed component is used.

23.4 Post-Employment Obligations

Confidentiality obligations survive termination of employment indefinitely for trade secrets and for a period of 3 years for other confidential information, as set out in each employee's employment agreement.

CHAPTER 24

Disciplinary Procedure

24.1 Principles

Surya Enterprises follows a fair, consistent, and proportionate disciplinary process. Except in cases of gross misconduct, employees are given the opportunity to improve before more severe action is taken.

24.2 Stages of Discipline

Stage	Description	Validity
Verbal counseling	Informal discussion, documented in HR portal	Not a formal record
Written warning	Formal written notice of the issue and expected improvement	12 months
Final written warning	Last-stage warning before termination is considered	12 months
Termination	Employment ends, following HR and Legal review	N/A

24.3 Gross Misconduct

Certain conduct — including theft, fraud, violence, serious harassment, gross safety violations, and serious breach of confidentiality — may result in summary termination without progressing through earlier stages, following an investigation and HR/Legal review.

24.4 Right of Appeal

An employee subject to formal disciplinary action may appeal in writing to HR within 5 working days, and the appeal will be reviewed by a manager or HR representative not involved in the original decision.

CHAPTER 25**Grievance Procedure****25.1 Raising a Grievance**

An employee with a work-related concern (other than harassment, which follows Chapter 17) is encouraged to first raise it informally with their manager. If unresolved, or if raising it with the manager is not appropriate, the employee may submit a formal grievance to HR through the HR portal.

25.2 Investigation and Resolution

HR acknowledges a formal grievance within 3 business days and aims to complete a review and communicate an outcome within 20 business days, which may include mediation, a change in reporting line, or another remedial action.

25.3 Appeal

If the employee is not satisfied with the outcome, they may request review by the Chief People Officer within 10 business days of the original decision.

CHAPTER 26**Health, Safety, and Security****26.1 General Obligations**

Surya Enterprises maintains a safe working environment across all office locations, in accordance with applicable occupational health and safety legislation, and expects employees to follow safety instructions, report hazards, and use safety equipment as provided.

26.2 Incident Reporting

Workplace injuries, near-misses, and safety hazards must be reported to Facilities and HR within 24 hours using the Incident Report form on the HR portal. Serious incidents are reviewed by the Health, Safety and Security Committee, which may recommend corrective action.

26.3 Emergency Procedures

Each office maintains posted evacuation routes, assembly points, and floor wardens. Fire drills are conducted at least twice per year. First-aid trained personnel and a first-aid kit are available at each office location during working hours.

26.4 Workplace Violence Prevention

Threats, intimidation, or acts of violence in the workplace are strictly prohibited and will result in immediate removal from the premises pending investigation, and may be reported to law enforcement.

26.5 Physical Security

Access to office premises requires an employee badge; visitors must be signed in and escorted. Tailgating (allowing an unbadged individual to follow through a secured door) is prohibited.

CHAPTER 27**Diversity, Equity, and Inclusion****27.1 Commitment**

Surya Enterprises is committed to building a workforce that reflects the diversity of the communities in which it operates and to fostering an inclusive culture where every employee can do their best work.

27.2 Equal Opportunity Employment

Hiring, promotion, compensation, and all other employment decisions are made without regard to race, caste, religion, sex, gender identity, sexual orientation, age, disability, or any other protected characteristic, and are based solely on qualifications, merit, and business need.

27.3 Accessibility and Accommodation

Employees requiring workplace accommodation due to a disability or medical condition may request it confidentially through HR, which will engage in an interactive process to identify reasonable accommodations.

27.4 DEI Council and Metrics

The DEI Council, comprising volunteer representatives from each department, sponsors employee resource groups, inclusion training, and publishes an annual DEI metrics report reviewed by the ELT.

CHAPTER 28

Travel and Expense Policy

28.1 Booking Travel

Domestic and international business travel must be booked through the company's approved travel management partner and pre-approved by the employee's manager. Economy class is standard for flights under 5 hours; business class may be approved for flights exceeding 5 hours or for Director-level employees and above.

28.2 Expense Categories and Limits

Category	Domestic Limit	International Limit
Hotel (per night)	INR 6,000	USD 200
Meals (per day)	INR 1,500	USD 75
Local transport (per day)	INR 1,000	USD 50
Client entertainment	Actuals, pre-approved	Actuals, pre-approved

28.3 Submitting Claims

Expense claims must be submitted through the HR portal expense module within 15 calendar days of the expense being incurred, with itemized receipts attached for any expense over INR 500. Claims submitted after 60 days may be declined absent an exceptional circumstance approved by the manager and Finance.

28.4 Non-Reimbursable Expenses

- Personal entertainment, mini-bar charges, and in-room movies.
- Traffic and parking fines.
- Airline lounge memberships (unless included in fare class).
- Spa, gym, or other personal wellness charges while traveling.
- Alcohol beyond a reasonable amount at approved client entertainment events.

CHAPTER 29

Procurement and Vendor Management

29.1 Procurement Process

All purchases of goods and services above INR 50,000 must be raised as a Purchase Request in the Procurement system and approved according to the authority matrix in Chapter 2 before a commitment is made to any vendor.

29.2 Vendor Onboarding

New vendors are onboarded following completion of a vendor questionnaire, financial and reputational due diligence, and — where the vendor will process company or client data — an information security and privacy review.

29.3 Contract Review

All vendor contracts must be reviewed by Legal prior to signature. Standard payment terms are net 30 days from invoice receipt unless otherwise negotiated.

29.4 Vendor Performance Review

Vendors providing services above INR 10,00,000 annually are subject to an annual performance review coordinated by Procurement and the relevant business owner, covering quality, reliability, and continued security compliance.

CHAPTER 30

Business Continuity and Disaster Recovery

30.1 Purpose

Surya Enterprises maintains a Business Continuity Plan (BCP) to ensure critical operations can continue, and client commitments can be met, in the event of an office disruption, IT outage, natural disaster, or public health emergency.

30.2 Critical Function Identification

Each department head maintains an identification of critical functions, key personnel, and recovery time objectives, reviewed annually with the COO.

30.3 IT Disaster Recovery

Production systems are backed up daily with a recovery point objective (RPO) of 24 hours and a recovery time objective (RTO) of 4 hours for tier-1 systems, tested through a simulated failover exercise at least twice per year.

30.4 Crisis Communication

In the event of a significant disruption, the Crisis Management Team, led by the COO, issues communications to employees via SMS, email, and the HR portal, with updates at least every 4 hours until the situation is resolved.

CHAPTER 31

Environmental Sustainability and Corporate Social Responsibility

31.1 Environmental Commitment

Surya Enterprises is committed to minimizing the environmental impact of its operations, including reducing paper usage, optimizing office energy consumption, and favoring vendors with strong environmental practices where feasible.

31.2 Corporate Social Responsibility

Surya Enterprises allocates a minimum of 2% of average net profits over the preceding three years to CSR activities in accordance with Section 135 of the Companies Act, 2013, focused on education, digital literacy, and community development in the regions surrounding its offices.

31.3 Volunteering

Employees are entitled to 2 paid volunteering days per calendar year to support a company-sponsored or personally chosen registered non-profit organization, subject to manager approval.

CHAPTER 32**Social Media and External Communications Policy****32.1 Personal Social Media Use**

Employees are free to participate in social media personally. When identifying themselves as an employee of Surya Enterprises or discussing the company, employees should include a disclaimer that views expressed are their own and not those of the company, and must not disclose confidential information.

32.2 Speaking on Behalf of the Company

Only individuals authorized by the Marketing and Communications team may speak to media, publish content on official company channels, or otherwise represent themselves as an official spokesperson for the company.

32.3 Client and Partner References

Client names, logos, or case study details may only be shared publicly with the client's prior written consent, coordinated through Marketing and the account owner.

Part II — Department-Specific Policies

CHAPTER 33

Engineering Department Policies

33.1 Software Development Lifecycle

All production code changes require peer code review and passing automated test suites before merge. Release to production requires sign-off from the on-call engineering lead and adherence to the Change Management Policy maintained by Site Reliability Engineering.

33.2 On-Call Responsibilities

Engineers participating in the on-call rotation are compensated with an on-call allowance and are expected to acknowledge a page within 15 minutes during their rotation. On-call schedules are published at least 4 weeks in advance, and swap requests are handled peer-to-peer with notice to the engineering manager.

33.3 Source Code and Repository Standards

All source code is maintained in the company's approved version control system. Personal or unapproved repositories must not be used to store company or client code. Repository access follows the least-privilege principle described in Chapter 20.

33.4 Engineering Career Ladder

Level	Title	Typical Scope
E1	Associate Software Engineer	Guided delivery of well-scoped tasks
E2	Software Engineer	Independent delivery within a feature area
E3	Senior Software Engineer	Owns a feature area; mentors E1-E2
E4	Staff Engineer	Cross-team technical leadership
E5	Principal Engineer	Organization-wide technical direction

CHAPTER 34

Sales and Customer Success Department Policies

34.1 Sales Process and CRM Hygiene

All prospective and active client relationships must be logged and kept current in the company CRM. Opportunities must be updated at least weekly during active pursuit.

34.2 Commission Structure

Sales roles are eligible for a variable commission plan documented in each employee's individual Sales Compensation Plan, paid monthly following invoice generation and subject to clawback in the event of a cancelled or refunded contract within 90 days of signing.

34.3 Discounting Authority

Discount Level	Approver
Up to 10%	Account Executive
10% - 20%	Sales Manager
20% - 30%	VP Sales + Finance
Above 30%	Chief Revenue Officer

34.4 Customer Success Escalation

Client escalations are triaged by Customer Success within 4 business hours and, where they involve a service outage or contractual breach, are escalated to the relevant Delivery Center lead and Legal as appropriate.

CHAPTER 35**Finance and Accounting Department Policies****35.1 Month-End Close**

Finance targets close of monthly books within 5 business days of month-end. All expense claims, vendor invoices, and revenue recognition entries relevant to the period must be submitted by the second business day of the following month to be included.

35.2 Revenue Recognition

Revenue is recognized in accordance with Ind AS 115 for the Indian entity and ASC 606 for the US subsidiary, based on the satisfaction of performance obligations in each client contract.

35.3 Segregation of Duties

No single individual may both initiate and approve a payment above INR 1,00,000. Bank signatory authority is limited to the CFO and CEO, with dual signature required above INR 10,00,000.

35.4 Audit

The company undergoes an annual statutory audit and periodic internal audits coordinated by the Audit Committee of the Board.

CHAPTER 36**Marketing Department Policies****36.1 Brand Standards**

All external-facing materials must comply with the Surya Enterprises Brand Guidelines maintained by Marketing, covering logo usage, color palette, tone of voice, and approved templates.

36.2 Content Approval

Blog posts, whitepapers, and press releases require review and approval from the Marketing lead and, where client or competitive claims are involved, Legal, prior to publication.

36.3 Marketing Data and Consent

Email marketing and lead-generation activities must comply with applicable anti-spam and consent regulations, including maintaining an accurate suppression list and honoring unsubscribe requests within 10 business days.

CHAPTER 37

IT and Facilities Department Policies

37.1 Asset Issuance and Return

IT issues a standard equipment kit (laptop, charger, and where applicable a monitor and headset) to each new employee before their start date. All company assets must be returned to IT or Facilities within 5 business days of an employee's last working day.

37.2 Helpdesk Service Levels

Priority	Description	Response Target
P1	Complete system outage affecting multiple employees	30 minutes
P2	Individual unable to work (device/account failure)	4 business hours
P3	Degraded performance, non-blocking issue	1 business day
P4	General request (software install, access request)	2 business days

37.3 Facilities and Workspace

Employees working from an office location are provided a desk, chair, and standard peripherals. Facilities requests (repairs, supplies, meeting room setup) are logged through the Facilities ticketing system.

Part III — HR Operations Runbook

CHAPTER 38

HR Operations Runbook: New Employee Onboarding

38.1 Pre-Boarding Checklist

HR should confirm the signed offer, identity and payroll documentation, manager assignment, start date, and required policy acknowledgements before the employee begins.

- Signed offer letter and acceptance on file
- Identity documentation (Aadhaar/Passport, PAN) verified
- Bank account details captured for payroll
- Manager and buddy assigned in HR system
- Start date confirmed with candidate and hiring manager
- Policy acknowledgements (Code of Conduct, Confidentiality, Handbook) sent for e-signature

38.2 Day-One Activities

On the first day, provide access to the HR portal, benefits information, mandatory training, and the employee handbook.

- HR portal login provisioned and welcome email sent
- Company email, chat, and calendar accounts provisioned by IT
- Laptop and equipment kit issued and asset-tagged
- Benefits enrollment window and instructions shared
- Mandatory training (compliance, security awareness) assigned with a 30-day due date
- Handbook link shared and acknowledgement tracked

38.3 Week-One and 30-Day Follow-Up

HR Business Partners check in with new hires at the end of week one and again at day 30 to confirm access is working, training is progressing, and there are no unresolved onboarding issues. Any blockers are logged in the HR portal and escalated to the relevant owner (IT, Payroll, Facilities) with a target resolution of 2 business days.

CHAPTER 39

HR Operations Runbook: Leave Request Support

39.1 Standard Process

Employees normally submit leave requests directly through the HR portal, which routes the request to the manager for approval and automatically updates the leave balance upon approval.

39.2 Portal Unavailable or Access Issue

If an employee cannot submit leave through the HR portal, HR should first verify that the employee has an active profile and sufficient leave balance. If the portal is unavailable, record the request by email and ask the manager to confirm approval. HR should update the HR system after service is restored.

- Step 1: Verify employee has an active HR portal profile and correct leave balance.
- Step 2: If a technical fault is confirmed, log a P2 IT ticket per the Helpdesk service levels.
- Step 3: Record the leave request by email, including dates and leave type.
- Step 4: Obtain the manager's written approval by reply-email.
- Step 5: Once the portal is restored, HR enters the approved request into the HR system and confirms the updated balance to the employee.

39.3 Disputed Leave Balance

Where an employee disputes their displayed leave balance, HR Business Partners should reconcile the balance against the attendance and leave ledger before making any manual adjustment, and document the reason for any correction in the HR portal audit trail.

CHAPTER 40**HR Operations Runbook: Payroll Issue Priority****40.1 Priority Matrix**

Priority	Definition	Target Resolution
P1	Multiple employees are missing salary or there is a major payroll processing failure.	Same business day
P2	An individual employee has not received salary.	1 business day
P3	Incorrect allowance, deduction, tax, or benefits line item.	3 business days
P4	General payslip or payroll information request.	5 business days

40.2 P1 Escalation Procedure

A P1 payroll issue is immediately escalated to the Payroll Manager and CFO, who coordinate with the banking partner and, where the root cause is systemic, notify affected employees proactively with an expected resolution time, updated at least every 4 hours until resolved.

40.3 P2/P3/P4 Handling

P2 through P4 tickets are logged through the Payroll Support queue in the HR portal, acknowledged per Chapter 9.4, and investigated against the source payroll run, attendance data, and tax declarations before a correction is processed in the next available off-cycle or regular payroll run.

CHAPTER 41

HR Operations Runbook: Employee Record Changes

41.1 Scope

Changes to legal name, bank details, emergency contact, or home address must be submitted through the HR portal with required supporting documents where applicable.

Change Type	Required Documentation
Legal name change	Government-issued ID reflecting new name, gazette notification if applicable
Bank details change	Canceled cheque or bank letter confirming account details
Emergency contact	None required
Home address	None required, used for records and statutory filings only

41.2 Bank-Detail Change Verification

Bank-detail changes should be verified before the next payroll cutoff. Payroll verifies the new account through a small confirmation deposit or direct confirmation call to the employee using the contact number on file, before the change is applied to the next payroll run.

41.3 Processing Timeline

Standard record changes are processed within 3 business days of submission with complete documentation. Incomplete submissions are returned to the employee with a note specifying the missing item.

CHAPTER 42

HR Operations Runbook: Offboarding

42.1 Checklist

For a planned departure, HR should confirm the final working day, manager handover, return of company assets, benefit termination timing, final payroll inputs, and required exit documentation.

- Final working day confirmed in writing with employee and manager
- Knowledge transfer / handover plan documented by manager
- Asset return (laptop, badge, peripherals) scheduled with IT/Facilities
- Benefit termination date calculated and communicated to insurance provider
- Final payroll inputs (leave encashment, pending reimbursements, recoveries) submitted to Payroll
- Exit interview scheduled
- Relieving letter and experience certificate prepared for issuance

42.2 Access Removal Coordination

Access-removal requests should be coordinated with IT and the manager according to the employee's final working day. IT disables email, VPN, and application access effective end-of-day on the last working day, unless an earlier date is directed by HR or Legal (for example, in an involuntary separation with immediate effect).

42.3 Post-Departure Actions

HR completes full and final settlement per Chapter 15.4, and Payroll issues Form 16 / relevant tax documents at year-end for the portion of the year the individual was employed.

Part IV — Reference Appendices

CHAPTER 43

Appendix A: Escalation Matrix and Key Contacts

A.1 HR Contacts

Topic	Contact
General HR queries	hr-helpdesk@suryaenterprises.com
Payroll Support	payroll-support@suryaenterprises.com
Benefits	benefits@suryaenterprises.com
Learning & Development	learning@suryaenterprises.com
Ethics Hotline (24x7, confidential)	ethics@suryaenterprises.com / hotline number on HR portal
Data Protection Officer	privacy@suryaenterprises.com
IT Helpdesk	it-helpdesk@suryaenterprises.com
Security Incidents (1-hour response)	security-incident@suryaenterprises.com
Facilities	facilities@suryaenterprises.com

A.2 Office Addresses

Office	Purpose
Chennai — Corporate HQ	Executive, Finance, Legal
Bengaluru — Engineering Hub	Product & Platform Engineering
Hyderabad — Delivery Center	Client Delivery, QA, Support
Pune — Innovation Lab	R&D;, Data Science, AI Systems

CHAPTER 44**Appendix B: Glossary of Terms****B.1 Definitions**

Term	Definition
CTC	Cost to Company — total annual compensation cost including all benefits
ELT	Executive Leadership Team
FTE	Full-Time Employee
HRBP	Human Resources Business Partner
IC	Internal Committee (POSH) or Individual Contributor, depending on context
PIP	Performance Improvement Plan
POSH	Prevention of Sexual Harassment
RPO / RTO	Recovery Point Objective / Recovery Time Objective
SOW	Statement of Work
TDS	Tax Deducted at Source
WFH	Work From Home

CHAPTER 45

Appendix C: Standard Forms and Templates

C.1 Leave Request Form (Reference Fields)

- Employee name and ID
- Leave type (Annual / Sick / Parental / Bereavement / Other)
- Start date and end date
- Number of days requested
- Reason (optional for annual leave; required for exceptional/emergency requests)
- Manager approval status and date

C.2 Expense Claim Form (Reference Fields)

- Employee name and ID, cost center
- Expense category and date incurred
- Amount and currency
- Business purpose / client engagement reference
- Receipt attachment
- Manager approval status and date

C.3 New Hire Checklist (Reference Fields)

- Candidate name, role, department, manager
- Offer signed (Y/N), start date
- Documentation collected (ID, education, prior employment)
- Equipment ordered / issued
- Accounts provisioned (email, HR portal, applications)
- Training assigned

C.4 Exit Checklist (Reference Fields)

- Employee name and ID, last working day
- Handover plan documented (Y/N)
- Assets returned (Y/N, list)
- Access revoked (Y/N, date/time)
- Full and final settlement processed (Y/N, date)

- Exit interview completed (Y/N)

CHAPTER 46

Appendix D: Frequently Asked Questions

D.1 Leave and Time Off

Q: Can I take annual leave during my probation period? A: Yes, annual leave accrues from your date of joining on a pro-rata basis and may be used during probation with manager approval.

Q: What happens to unused sick leave at year-end? A: Unused sick leave does not carry forward and is not encashed; it simply resets at the start of the next calendar year.

D.2 Payroll

Q: What should I do if my payslip shows an incorrect deduction? A: Report it to Payroll Support through the HR portal within 5 business days of receiving the payslip; see Chapter 9.4.

Q: When are annual increments reflected in pay? A: Compensation changes from the annual review cycle are typically reflected in the May payroll run.

D.3 Remote Work

Q: Can I work remotely more than 2 days a week permanently? A: This requires Department Head and HR approval and is reviewed quarterly; see Chapter 7.1.

Q: Who do I contact for a slow home internet reimbursement? A: Submit a claim through the expense module referencing the internet reimbursement benefit described in Chapter 11.5.

D.4 General

Q: Where can I report a concern anonymously? A: Use the confidential ethics hotline described in Chapter 16.4 and Chapter 19.2, available 24x7.

Q: How do I update my bank details for payroll? A: Submit the change through the HR portal with supporting documentation; see Chapter 41.

Part V — Extended Reference

CHAPTER 47

Role Library: Engineering and Product

E.1 Engineering Roles

The following role descriptions define the scope, typical responsibilities, and expected outcomes for each level within the Engineering career ladder introduced in Chapter 33.4. These descriptions are used by hiring managers when drafting requisitions, by interview panels when calibrating candidates, and by employees and managers during performance conversations to assess scope against level expectations.

E.2 Associate Software Engineer (E1)

An Associate Software Engineer works under close guidance to implement well-scoped features and fixes, writes automated tests for their own changes, and actively participates in code review to build technical judgment. Typical tenure at this level before progression is 12 to 24 months, contingent on demonstrated independence.

E.3 Software Engineer (E2)

A Software Engineer independently delivers features within an established area of the codebase, participates in on-call rotation, and contributes to design discussions for medium-complexity changes. They are expected to identify edge cases and proactively raise risks during planning.

E.4 Senior Software Engineer (E3)

A Senior Software Engineer owns a feature area end-to-end, including its long-term technical health, mentors E1 and E2 engineers, and leads the design of moderately complex, cross-component changes. They are expected to identify opportunities for technical improvement beyond their immediate assignment.

E.5 Staff Engineer (E4)

A Staff Engineer provides technical leadership across multiple teams, drives architectural decisions with organization-wide impact, and is often the escalation point for the most complex production issues. Staff Engineers typically lead design review for major initiatives.

E.6 Principal Engineer (E5)

A Principal Engineer sets technical direction across the engineering organization, represents Engineering in company-wide strategic planning, and is accountable for the long-term scalability and reliability of the platform as a whole.

E.7 Product Management Roles

Level	Title	Typical Scope
P1	Associate Product Manager	Supports a senior PM on a defined feature set
P2	Product Manager	Owns roadmap and delivery for one product area
P3	Senior Product Manager	Owns a product line, mentors P1-P2
P4	Group Product Manager	Leads multiple PMs across a product suite
P5	Director of Product	Sets product strategy across the portfolio

E.8 Design Roles

Level	Title	Typical Scope
D1	Product Designer I	Executes designs within an established system
D2	Product Designer II	Owns end-to-end design for a feature area
D3	Senior Product Designer	Leads design for a product line, mentors juniors
D4	Design Lead	Sets design direction and standards organization-wide

CHAPTER 48**Role Library: Sales, Marketing, and Client Delivery****E.9 Sales Roles**

Level	Title	Typical Scope
S1	Sales Development Representative	Outbound prospecting and qualification
S2	Account Executive	Owns full sales cycle for assigned accounts
S3	Senior Account Executive	Owns strategic / enterprise accounts
S4	Sales Manager	Leads a team of Account Executives
S5	VP Sales / Chief Revenue Officer	Owns overall revenue strategy

E.10 Customer Success Roles

Customer Success Managers (CSMs) are assigned a book of accounts based on contract value and complexity, with a target renewal rate benchmark reviewed quarterly by the VP of Customer Success. Senior CSMs additionally mentor junior CSMs and lead the response to escalated client issues.

E.11 Marketing Roles

Level	Title	Typical Scope
M1	Marketing Associate	Supports campaign execution and content production
M2	Marketing Manager	Owns a channel (content, demand gen, events, product marketing)
M3	Senior Marketing Manager	Owns strategy across multiple channels
M4	Director of Marketing	Owns overall marketing strategy and budget

E.12 Client Delivery Roles

Delivery Center roles are structured around engagement teams, each led by a Delivery Manager accountable for scope, timeline, quality, and client satisfaction. Quality Engineers embedded in delivery teams are accountable for the test strategy and release readiness sign-off for each engagement.

CHAPTER 49**Compensation Bands and Benchmarking****F.1 Purpose**

This chapter documents the compensation band methodology used by the Compensation Committee referenced in Chapter 2.4 and Chapter 9.5. Bands are reviewed annually against market data from at least two independent compensation benchmarking providers, segmented by city and role family.

F.2 Band Structure

Each role level maps to a compensation band with a minimum, midpoint, and maximum. New hires are typically positioned between the minimum and midpoint of the band for their level, with positioning above midpoint reserved for candidates who exceed typical experience expectations for the level.

Band	Applicable Levels	Positioning Guidance
Band 1	E1, P1, D1, S1, M1	Entry-level; minimum to midpoint
Band 2	E2, P2, D2, S2, M2	Established IC; minimum to midpoint typical
Band 3	E3, P3, D3, S3, M3	Senior IC / first-line manager; midpoint typical
Band 4	E4, P4, D4, S4, M4	Staff / leadership; midpoint to maximum
Band 5	E5, P5, S5	Director and above; case-by-case, ELT approval

F.3 Geographic Differentials

Compensation bands are calibrated separately for Chennai/Hyderabad/Pune, Bengaluru (a higher cost-of-labor market), and the United States remote operating unit, reflecting local market conditions while maintaining internal equity within a consistent leveling framework.

F.4 Pay Equity Review

HR conducts an annual pay equity analysis examining compensation by gender and level within each department, with findings and remediation actions reported to the ELT and, in summary form, to the DEI Council.

CHAPTER 50

Regional Policy Addendum: India Offices

G.1 State-Specific Variations

While core leave, payroll, and benefits policies described in Part I apply across all Indian office locations, certain statutory requirements vary by state under applicable Shops and Establishments legislation. This chapter summarizes key variations for each Indian office location.

Office / State	Weekly Off	Professional Tax Slab Authority	Notable Local Holiday
Chennai (Tamil Nadu)	Sunday	Tamil Nadu Professional Tax	Pongal (January)
Bengaluru (Karnataka)	Sunday	Karnataka Professional Tax	Ugadi
Hyderabad (Telangana)	Sunday	Telangana Professional Tax	Bathukamma
Pune (Maharashtra)	Sunday	Maharashtra Professional Tax	Gudi Padwa

G.2 Shops and Establishments Registration

Each office location is registered under the applicable state Shops and Establishments Act, and displays the requisite statutory notices, including working hours, weekly holidays, and the name of the establishment, at the office premises.

G.3 Local Grievance and Labour Welfare Contacts

Each office maintains a designated Labour Welfare Officer contact point, published on the HR portal, for statutory matters that require liaison with the local Labour Department.

CHAPTER 51

Regional Policy Addendum: United States Operating Unit

H.1 Employment At-Will

Employment with Surya Enterprises Inc. is at-will, meaning either the employee or the company may terminate the employment relationship at any time, with or without cause or notice, except as otherwise provided by an individual written agreement or applicable state law.

H.2 US Paid Time Off

US-based employees accrue Paid Time Off (PTO) at a rate of 1.67 days per month (20 days annually), combining what the India policy separates into annual and sick leave, in accordance with the flexible PTO model common among US technology employers. State-mandated sick leave minimums, where they exceed this accrual, are honored per applicable state law.

H.3 US Benefits

US employees are eligible for company-sponsored medical, dental, and vision insurance through the group plan, a 401(k) retirement plan with a 4% employer match, and short- and long-term disability coverage, as detailed in the separate US Benefits Guide.

H.4 Family and Medical Leave

Eligible US employees are entitled to leave under the federal Family and Medical Leave Act (FMLA) and any applicable state family leave law, coordinated by People Operations in consultation with the employee's healthcare provider where required.

H.5 Equal Employment Opportunity

Surya Enterprises's US operating unit is an Equal Opportunity Employer in accordance with Title VII of the Civil Rights Act, the Americans with Disabilities Act, the Age Discrimination in Employment Act, and applicable state fair employment statutes.

CHAPTER 52

Standard Operating Procedures: Common HR Tasks

I.1 Purpose

This chapter documents step-by-step operating procedures for common, recurring HR administrative tasks, intended for use by HR Operations staff and for training new HR team members.

I.2 Issuing an Employment Verification Letter

- Step 1: Receive request via HR portal ticket or email from employee.
- Step 2: Verify employee's current employment status and role in the HR system.
- Step 3: Generate the standard verification letter template, populated with employment dates, title, and (if requested and authorized by the employee) compensation.
- Step 4: Obtain HR Manager e-signature.
- Step 5: Deliver to employee within 3 business days of request.

I.3 Processing a Promotion

- Step 1: Confirm Compensation Committee approval and effective date.
- Step 2: Update title, level, and compensation in the HR system.
- Step 3: Generate and send promotion letter for e-signature.
- Step 4: Notify Payroll of the compensation change with sufficient lead time before the next cutoff.
- Step 5: Update org chart and reporting line if applicable.

I.4 Handling a Statutory Inspection or Audit Request

- Step 1: Notify Legal and the CFO immediately upon receipt of any inspection or audit notice.
- Step 2: Assign a single point of contact to coordinate document production.
- Step 3: Compile requested records from the HR and Payroll systems, verified for accuracy before submission.
- Step 4: Log the request, response, and any findings in the compliance tracker.

I.5 Processing a Workplace Accommodation Request

- Step 1: Acknowledge the request confidentially within 2 business days.
- Step 2: Engage the employee in an interactive discussion to understand the specific limitation and possible accommodations.
- Step 3: Consult Facilities or IT as needed to assess feasibility.

- Step 4: Document the agreed accommodation and review date in the HR system, accessible only to HR.
- Step 5: Follow up at the agreed review date to confirm the accommodation remains effective.

CHAPTER 53

Standard Operating Procedures: IT and Security Operations

J.1 Provisioning a New Employee's Access

- Step 1: Receive access request auto-generated from the HR onboarding workflow upon offer acceptance.
- Step 2: Provision email, chat, and calendar accounts 2 business days before start date.
- Step 3: Assign role-based application access per the access matrix for the employee's department and level.
- Step 4: Enroll device in MDM and enforce MFA before first login.
- Step 5: Confirm provisioning complete in the onboarding ticket.

J.2 Responding to a Reported Phishing Email

- Step 1: Acknowledge the report within 30 minutes during business hours.
- Step 2: Determine whether the email was opened, links clicked, or credentials entered.
- Step 3: If credentials were entered, force a password reset and review account activity logs immediately.
- Step 4: Block the sending domain/URL at the email gateway and notify affected employees if the campaign was broad-based.
- Step 5: Log the incident and, if credentials were compromised, follow the Data Breach Response procedure in Chapter 21.4.

J.3 Decommissioning a Departing Employee's Access

- Step 1: Receive offboarding ticket from HR with the confirmed last working day.
- Step 2: Schedule access revocation for end-of-day on the last working day (or immediate, if flagged as involuntary/high-risk).
- Step 3: Revoke email, VPN, application, and repository access.
- Step 4: Wipe and reclaim the company device once returned; confirm asset tag matches inventory.
- Step 5: Close the ticket and confirm completion to HR.

J.4 Quarterly Access Review

System owners perform a quarterly review of all users with access to systems classified Confidential or Restricted under Chapter 20.4, certifying that each access grant remains necessary. Access no longer required is revoked within 5 business days of the review.

CHAPTER 54**Standard Operating Procedures: Finance Operations****K.1 Processing a Vendor Invoice**

- Step 1: Receive invoice via the Accounts Payable inbox or vendor portal.
- Step 2: Match invoice to the corresponding Purchase Order and goods/services receipt confirmation.
- Step 3: Route to the budget owner for approval per the authority matrix in Chapter 2.3.
- Step 4: Schedule payment per agreed vendor terms (standard net 30).
- Step 5: Archive invoice and approval trail for audit purposes.

K.2 Month-End Close Checklist

- Day 1-2: Cut-off of expense claims and vendor invoices for the period.
- Day 2-3: Reconcile bank accounts and intercompany balances.
- Day 3-4: Post accruals, revenue recognition entries, and payroll journal.
- Day 4: Management review of preliminary financials.
- Day 5: Books closed; management reporting pack distributed to ELT.

K.3 Annual Budgeting Cycle

Department heads submit budget proposals to Finance by January 31 for the following fiscal year, incorporating headcount plans coordinated with HR. The CFO consolidates and presents the company-wide budget to the Board for approval by March 15, ahead of the April 1 fiscal year start.

CHAPTER 55

Data Retention Schedule

L.1 Purpose

This schedule specifies the minimum and maximum retention periods for key categories of company and employee records, in accordance with the Data Privacy Policy in Chapter 21 and applicable statutory record-keeping requirements.

Record Category	Retention Period	Basis
Payroll records	8 years post fiscal year	Statutory (tax and labour law)
Employee personnel file (active employee)	Duration of employment + 7 years	Legal / statutory
Recruitment records (unsuccessful candidates)	1 year	Legal defense / equal opportunity audit
Performance review records	5 years post creation	Internal policy
Expense claims and receipts	8 years	Tax / statutory
Security incident records	3 years post closure	Internal policy / audit
CCTV footage (office premises)	90 days	Internal policy
Exit interview records (anonymized)	3 years	Internal policy
POSH complaint records	As required by statute (indefinite for substantiated cases)	Statutory

L.2 Secure Disposal

Records reaching the end of their retention period are securely disposed of — physical documents are shredded, and electronic records are deleted using a verified secure-deletion process — with disposal logged by the record owner.

CHAPTER 56

Risk Register and Internal Controls Overview

M.1 Purpose

This chapter summarizes the categories of operational risk actively monitored by the ELT and the Audit Committee, and the primary control owner for each, to give employees visibility into how enterprise risk is governed at Surya Enterprises.

Risk Category	Primary Control Owner	Review Cadence
Information security / data breach	Chief Technology Officer / IT Security	Continuous, quarterly report
Client contract / delivery risk	COO / Delivery leadership	Monthly
Financial reporting / fraud	CFO / Audit Committee	Quarterly
Regulatory / statutory compliance	Legal & Compliance	Quarterly
Talent attrition / key-person risk	Chief People Officer	Quarterly
Business continuity / disaster recovery	COO	Semi-annual test, annual review
Third-party / vendor risk	Procurement / IT Security	Annual

M.2 Internal Audit

The Internal Audit function, reporting functionally to the Audit Committee of the Board, conducts a risk-based annual audit plan covering financial controls, IT general controls, and selected operational processes, with findings tracked to remediation in the compliance tracker.

CHAPTER 57

Sample Policy Acknowledgement and Correspondence Templates

N.1 Handbook Acknowledgement (Reference Text)

"I acknowledge that I have received, read, and understood the Surya Enterprises Employee & Operations Handbook. I understand that this Handbook does not constitute an employment contract and that Surya Enterprises may amend its policies from time to time, with such amendments communicated through the HR portal. I agree to comply with the policies described in this Handbook throughout my employment."

N.2 Sample Offer Letter Clause — At-a-Glance

A standard offer letter includes the role title and level, reporting manager, work location, compensation structure (fixed and variable components), benefits eligibility summary, probation period terms, and a reference to this Handbook and the Confidentiality and IP Agreement as incorporated by reference.

N.3 Sample Warning Letter Structure — Reference Outline

- Statement of the specific policy or performance concern, with dates and examples.
- Reference to any prior informal discussion on the same matter.
- Clear statement of expected improvement and timeline.
- Statement of consequences if improvement is not sustained.
- Employee's right to respond, and to whom.

N.4 Relieving Letter — Reference Content

A relieving letter confirms the employee's role, dates of employment, and confirmation that all company property and obligations have been settled, and is issued alongside the experience certificate described in Chapter 42.1.

CHAPTER 58**Appendix E: Extended Frequently Asked Questions****E.1 Onboarding**

Q: When will I receive my laptop? A: IT issues equipment before your start date wherever possible; if joining remotely, equipment is couriered to arrive no later than your first day.

Q: What if my background verification is still in progress on my start date? A: You may still join on the confirmed date; HR will follow up on any outstanding verification items, and continued employment remains contingent on satisfactory completion.

E.2 Compensation and Benefits

Q: Can I add my parents to the medical insurance plan mid-year? A: Yes, subject to a qualifying-event or open enrollment process described in Chapter 11.6, via voluntary payroll deduction.

Q: How is the performance bonus calculated? A: The performance bonus target is a percentage of CTC as shown in Chapter 9.3, multiplied by your individual performance rating and the company-wide performance multiplier set annually by the Compensation Committee.

E.3 Leave and Attendance

Q: Can I split my maternity leave into non-consecutive blocks? A: The pre-delivery portion (up to 8 weeks) and post-delivery portion are each taken as continuous blocks as described in Chapter 6.1; contact HR for support planning your specific dates.

Q: Does a public holiday falling within my annual leave count against my leave balance? A: No, published public holidays that fall within an approved leave period are not deducted from annual leave balance.

E.4 Conduct and Escalation

Q: Can I file a POSH complaint about an incident that occurred more than 3 months ago? A: The Internal Committee may extend the filing window at its discretion where there was reasonable cause for delay; contact the IC or HR to discuss your specific situation.

Q: Will my manager be told if I use the ethics hotline? A: Reports may be made anonymously, and identifying information is shared only with individuals directly involved in the investigation on a need-to-know basis, as described in Chapter 19.3.

E.5 Remote Work and IT

Q: What do I do if my home internet fails during a critical meeting? A: Notify your manager immediately via any available channel (phone/SMS) and attempt to reconnect via mobile hotspot; repeated connectivity issues should be discussed with your manager regarding your remote work eligibility.

Q: Can I use my personal laptop for work? A: Only for limited email/calendar access through the MDM-enrolled mobile app; company code and confidential data must not be accessed or stored on personal computers, per Chapter 22.2.

Part VI — Operational Reference

CHAPTER 59

Systems and Tools Directory

O.1 Purpose

This directory lists the primary internal systems used across Surya Enterprises, their business purpose, and the team responsible for administration. It is maintained by IT and referenced throughout this Handbook (for example, the “HR portal” referred to in Part I is the system named here as SuryaHR).

System	Purpose	Administered By
SuryaHR	Core HR system: leave, attendance, payroll input, employee records	HR Operations
SuryaPay	Payroll processing and payslip publication	Payroll / Finance
SuryaExpense	Expense claim submission and approval	Finance
SuryaATS	Applicant Tracking System for recruitment	Talent Acquisition
SuryaLearn	Learning management system and training assignment	Learning & Development
SuryaCRM	Sales pipeline and client relationship management	Sales / Customer Success
SuryaTicket	IT and Facilities helpdesk ticketing	IT
SuryaVault	Enterprise password manager	IT Security
SuryaRepo	Source code version control	Engineering
SuryaProcure	Purchase requisition and vendor management	Procurement
Ethics Hotline Portal	Confidential whistleblower and ethics reporting	Ethics & Compliance Committee (third-party hosted)

O.2 System Access Requests

Access to any system in this directory beyond the standard role-based provisioning described in Chapter 20.2 must be requested via SuryaTicket, specifying business justification and manager approval.

CHAPTER 60

Approved Vendor Categories and Procurement Reference

P.1 Preferred Vendor Categories

To streamline procurement and ensure consistent due diligence, Procurement maintains a list of preferred vendors within key categories. Engagement of a vendor outside the preferred list requires the additional due diligence described in Chapter 29.2.

Category	Example Use Case	Due Diligence Level
Cloud infrastructure	Compute, storage, managed database services	High — security + financial review
SaaS productivity tools	Collaboration, communication, project management	Medium — security review
Recruitment agencies	Contingency and retained search	Standard — contract terms review
Travel and accommodation	Corporate travel management	Standard
Office supplies and facilities	Consumables, furniture, maintenance	Low
Professional services (legal, audit)	Statutory and advisory engagements	High — independence + conflict check
Marketing and creative agencies	Campaigns, design, media buying	Standard

P.2 Sole-Source Justification

Where a business owner wishes to engage a vendor without competitive bidding, a sole-source justification must be documented in SuryaProcure and approved by the relevant Department Head and Procurement lead.

CHAPTER 61

Security Control Catalog

Q.1 Purpose

This catalog summarizes the key security controls operated by Surya Enterprises, organized by domain, and is used to demonstrate the practical implementation of the Information Security Policy described in Chapter 20 during client and regulatory security reviews.

Domain	Control	Frequency / Mechanism
Access Control	Role-based access provisioning and quarterly access review	Quarterly
Access Control	Multi-factor authentication on all corporate accounts	Continuous
Cryptography	Encryption at rest for Confidential and Restricted data	Continuous
Cryptography	TLS 1.2+ for all data in transit	Continuous
Physical Security	Badge access and visitor escort at all offices	Continuous
Physical Security	CCTV monitoring of office entry points	Continuous, 90-day retention
Endpoint Security	EDR agent and disk encryption on all company devices	Continuous
Incident Management	1-hour initial response SLA for reported incidents	Per incident
Vulnerability Management	Automated dependency and vulnerability scanning of production systems	Weekly
Vulnerability Management	External penetration test	Annual
Business Continuity	Disaster recovery failover test	Semi-annual
Awareness	Mandatory security awareness training	Annual, all employees
Vendor Risk	Security review of vendors processing Confidential/Restricted data	Pre-onboarding + annual
Change Management	Peer review and automated testing before production deployment	Per release

CHAPTER 62**Public Holiday Calendar (Reference Years)****R.1 India Offices — Sample Annual Calendar**

The following illustrates the structure of the 12-day public holiday calendar published annually by HR via SuryaHR; exact dates are confirmed each year and may vary slightly by office location to reflect regional festival observance.

Holiday	Typical Month
New Year's Day	January
Pongal / Makar Sankranti	January
Republic Day	January
Holi	March
Good Friday	March/April
Tamil New Year / Ugadi / Gudi Padwa (office-specific)	April
Independence Day	August
Ganesh Chaturthi	August/September
Gandhi Jayanti	October
Dussehra	October
Diwali (2 days)	October/November
Christmas	December

R.2 United States — Sample Annual Calendar

Holiday	Typical Month
New Year's Day	January
Memorial Day	May
Juneteenth	June
Independence Day	July
Labor Day	September
Thanksgiving (2 days)	November
Christmas	December

R.3 Floating Holidays

Employees are additionally granted 2 floating holidays per year, to be used at the employee's discretion for observances not included in the standard calendar, subject to manager approval on scheduling.

CHAPTER 63

Sample Job Description Templates

S.1 Purpose

The following illustrative job descriptions demonstrate the standard format used by Talent Acquisition when posting a role, referenced from the Recruitment process in Chapter 14.1.

S.2 Sample: Senior Software Engineer (Backend)

Surya Enterprises is looking for a Senior Software Engineer to join the Platform team in Bengaluru. You will own the design and reliability of core backend services, mentor mid-level engineers, and partner closely with Product to translate requirements into scalable systems. Requirements: 5+ years of backend engineering experience, strong grasp of distributed systems fundamentals, and experience owning production services end-to-end. This role participates in the on-call rotation described in Chapter 33.2.

S.3 Sample: Customer Success Manager

As a Customer Success Manager based in our remote US operating unit, you will own a portfolio of enterprise accounts, drive renewal and expansion, and serve as the primary escalation point for client issues per the process in Chapter 34.4. Requirements: 3+ years in a client-facing SaaS role, strong communication skills, and comfort operating across time zones.

S.4 Sample: HR Business Partner

The HR Business Partner, based in Chennai, partners with department heads to execute performance management, employee relations, and workforce planning per the frameworks described throughout this Handbook. Requirements: 4+ years in an HR generalist or business partner role, working knowledge of Indian labour law, and strong judgment in handling confidential matters.

CHAPTER 64

Client Engagement Models

T.1 Overview

Surya Enterprises's Delivery Center engages with clients under one of four standard commercial models, each with distinct governance and staffing implications for delivery teams.

Model	Description	Typical Governance
Time & Material (T&M;)	Client billed for actual hours at agreed rates	Monthly timesheet approval by client
Fixed Bid	Fixed price for a defined scope and timeline	Milestone-based delivery and sign-off
Managed Service	Ongoing operational ownership of a system or function	SLA-governed, quarterly business review
Staff Augmentation	Dedicated resources embedded in client teams	Client-directed day-to-day work, company-managed HR

T.2 Statement of Work (SOW) Requirements

Every client engagement operates under a signed Statement of Work specifying scope, deliverables, timeline, pricing, and acceptance criteria, reviewed by Legal and the Delivery leadership before commencement.

CHAPTER 65**Meeting Cadence and Governance Calendar****U.1 Standing Meetings**

Meeting	Frequency	Owner
ELT Leadership Sync	Weekly	CEO
Department All-Hands	Monthly	Department Head
Company All-Hands	Quarterly	CEO
Compensation Committee	Quarterly	CPO
Ethics and Compliance Committee	Quarterly (or ad hoc)	Committee Chair
Health, Safety and Security Committee	Quarterly	Facilities Head
Board Meeting	Quarterly	Company Secretary
DR / Business Continuity Test	Semi-annual	COO
1:1 (Manager / Direct Report)	Monthly minimum, weekly recommended	Manager

U.2 Annual Governance Calendar

January: Departmental budget submissions begin. February–March: Board budget approval; annual leave carry-forward deadline (March 31). April: New fiscal year and performance cycle begins; compensation review effective. May: Compensation changes reflected in payroll. October: Mid-year performance check-in. December: Year-end financial close preparation and annual policy review by HR and Legal.

CHAPTER 66

Internal Communication Standards

V.1 Channels

Company-wide announcements are made via email and the SuryaHR portal banner. Team-level communication occurs via the approved chat tool. Urgent, time-sensitive matters (security incidents, safety emergencies) additionally use SMS broadcast per the Crisis Communication process in Chapter 30.4.

V.2 Response Time Expectations

Channel	Expected Response Time (Business Hours)
Chat — direct message	Within 4 hours
Email — standard	Within 1 business day
Email — marked urgent	Within 4 hours
SuryaTicket — per priority	Per Chapter 37.2 service levels

V.3 Meeting-Free Focus Time

Surya Enterprises designates Wednesday afternoons (1:00 PM–5:00 PM local time) as meeting-free focus time across all departments, to support uninterrupted individual and team deep work.

CHAPTER 67**Extended Onboarding Curriculum (First 90 Days)****W.1 Week 1**

Complete SuryaLearn onboarding modules: company overview, Code of Conduct, Information Security Awareness, and Data Privacy Fundamentals. Meet assigned buddy and manager for role orientation. Complete benefits enrollment in SuryaHR.

W.2 Weeks 2–4

Complete role-specific technical onboarding (system access walkthroughs, codebase orientation for engineering roles, or CRM/territory orientation for sales roles). Shadow a senior team member on at least one representative task or client interaction.

W.3 Days 30–60

Take ownership of first independent deliverables with close manager check-in. Complete 30-day check-in with HR Business Partner per Chapter 14.4.

W.4 Days 60–90

Operate with increasing independence; complete 90-day probation review conversation with manager, culminating in the confirmation decision described in Chapter 3.2.

CHAPTER 68

Change Management Policy (Engineering Systems)

X.1 Purpose

This policy governs how changes are proposed, reviewed, approved, and deployed to production systems, supplementing the Software Development Lifecycle described in Chapter 33.1.

X.2 Change Categories

Category	Definition	Approval Required
Standard	Low-risk, previously reviewed pattern (e.g., config toggle)	Peer review only
Normal	Typical feature or bug-fix deployment	Peer review + automated tests passing
Major	Architectural change, data migration, or cross-service impact	Peer review + on-call lead sign-off + rollback plan
Emergency	Urgent fix for an active incident	On-call lead verbal approval, documented retroactively within 24 hours

X.3 Rollback Requirements

Every Major change must include a documented, tested rollback plan before deployment. Emergency changes must be followed by a written incident postmortem within 3 business days.

CHAPTER 69

Sample Incident Postmortem Template

Y.1 Purpose

Following any Priority 1 or Priority 2 production incident, the on-call lead facilitates a blameless postmortem using the following structure, published internally within 5 business days of incident resolution.

- Summary: what happened, customer impact, and duration.
- Timeline: key events from detection through resolution.
- Root cause: the underlying technical or process cause.
- What went well / what could be improved during the response.
- Action items: owner and due date for each corrective action.

Y.2 Blameless Culture

Surya Enterprises conducts postmortems in a blameless manner, focused on systemic improvement rather than individual fault, consistent with the psychological safety expectations described in the Code of Conduct (Chapter 16).

CHAPTER 70

Policy Revision History and Governance

Z.1 Revision History

Version	Date	Summary of Change
1.0	Current	Initial consolidated publication of the Employee & Operations Handbook

Z.2 Policy Review Governance

Each chapter of this Handbook has a designated policy owner responsible for annual review. Material changes are approved by the Chief People Officer (for HR policies), the Chief Technology Officer (for security and engineering policies), or the CFO (for finance and procurement policies), and communicated to all employees via SuryaHR at least 15 days before the effective date, except where an immediate change is required for legal compliance.

Z.3 Feedback on This Handbook

Employees may submit feedback or questions about any policy in this Handbook to hr-helpdesk@suryaenterprises.com. Suggestions are reviewed as part of the annual policy review cycle described above.

CHAPTER 71**Appendix F: Cross-Reference Index by Topic****F.1 How to Use This Index**

This index maps common topics to the chapter(s) where they are addressed in this Handbook, to support quick lookup and is particularly useful for automated search and retrieval systems indexing this document.

Topic	Primary Chapter(s)
Annual leave entitlement and carry-forward	Chapter 4
Sick leave and medical documentation	Chapter 5
Maternity / paternity / adoption leave	Chapter 6
Remote work eligibility and expectations	Chapter 7
Working hours and overtime	Chapter 8
Payroll cycle and payslip discrepancies	Chapter 9, Chapter 40
Provident Fund, ESI, gratuity	Chapter 10
Medical insurance and EAP	Chapter 11
Performance ratings and PIP	Chapter 12
Learning stipend and mandatory training	Chapter 13
Hiring process and onboarding checklist	Chapter 14, Chapter 38
Resignation, notice period, exit process	Chapter 3, Chapter 15, Chapter 42
Code of conduct and conflicts of interest	Chapter 16
Harassment and POSH complaints	Chapter 17
Bribery, gifts, facilitation payments	Chapter 18
Whistleblower reporting channels	Chapter 19
Password, MFA, and access control	Chapter 20
Personal data requests and breach response	Chapter 21
Acceptable use of laptops and AI tools	Chapter 22
Confidentiality and IP ownership	Chapter 23
Warnings and termination process	Chapter 24
Filing a grievance	Chapter 25
Workplace safety and incident reporting	Chapter 26

Topic	Primary Chapter(s)
DEI and reasonable accommodation	Chapter 27
Travel booking and expense limits	Chapter 28
Vendor onboarding and procurement	Chapter 29, Chapter 48
Disaster recovery and business continuity	Chapter 30
CSR and volunteering days	Chapter 31
Social media guidelines	Chapter 32
On-call and engineering practices	Chapter 33, Chapter 55
Sales commission and discounting authority	Chapter 34
Compensation bands and pay equity	Chapter 49
Bank detail and record change process	Chapter 41
Data retention periods	Chapter 55
Security controls and audits	Chapter 49

Part VII — Governance and Program Detail

CHAPTER 72

Legal Entity Structure and Board Governance

AA.1 Legal Entities

Surya Enterprises Private Limited is incorporated under the Companies Act, 2013, and registered with the Registrar of Companies, Chennai. Surya Enterprises Inc. is a wholly-owned subsidiary incorporated in Delaware, United States, established to employ US-based staff and contract directly with US clients.

AA.2 Board of Directors

The Board of Directors comprises the Chief Executive Officer, two independent directors, and a nominee director representing the company's institutional investor, and meets at least quarterly to review financial performance, risk, and strategic initiatives.

AA.3 Board Committees

Committee	Composition	Primary Responsibility
Audit Committee	Independent directors + CFO (non-voting)	Financial reporting integrity, internal audit oversight
Nomination and Remuneration Committee	Independent directors + CEO (non-voting)	Executive compensation, senior appointments
CSR Committee	Board members + Head of CSR	CSR budget and program oversight

AA.4 Company Secretary

The Company Secretary maintains statutory registers, coordinates Board and shareholder meetings, and ensures compliance with applicable provisions of the Companies Act, 2013.

CHAPTER 73**Ethics and Compliance Committee Charter****BB.1 Purpose and Composition**

The Ethics and Compliance Committee is chaired by the Chief People Officer and includes the General Counsel and one ELT member on a rotating basis, and is responsible for the governance described in Chapters 16, 18, and 19.

BB.2 Authority

The Committee has the authority to commission investigations, engage external counsel or forensic specialists where warranted, and recommend disciplinary action up to and including termination, subject to the process described in Chapter 24.

BB.3 Reporting

The Committee reports a summary of substantiated cases, trends, and remediation actions to the Audit Committee of the Board on a quarterly basis, with individual identities withheld except where legally required.

CHAPTER 74

Health, Safety and Security Committee — Procedures by Hazard Type

CC.1 Fire Safety

Each floor maintains clearly marked fire extinguishers, smoke detectors, and at least two evacuation routes. Floor wardens are trained annually and lead evacuation during drills and actual events.

CC.2 Medical Emergency

First-aid trained personnel and an AED (where installed) are identified on office safety signage. In a medical emergency, the nearest first-aider is alerted, emergency services are called, and Facilities notifies HR to coordinate any necessary support for the affected employee's family.

CC.3 Severe Weather and Natural Disaster

Where local authorities issue a severe weather advisory, Facilities determines whether to close an office for the day, communicated by 7:00 AM local time via SMS and email, with affected employees treated as authorized to work remotely for that day regardless of usual remote-work eligibility.

CC.4 Workplace Ergonomics

Facilities provides ergonomic assessment on request for any employee experiencing discomfort at their workstation, and can provide supplementary equipment such as footrests, monitor arms, or ergonomic keyboards based on the assessment.

CHAPTER 75**Insurance Plan Details****DD.1 Group Medical Insurance — Coverage Detail**

The group medical plan covers hospitalization, day-care procedures, pre- and post-hospitalization expenses (30/60 days respectively), maternity expenses up to a sub-limit, and cashless treatment at network hospitals. Pre-existing conditions are covered from day one, with no waiting period, for all enrolled employees and dependents.

DD.2 Claims Process

- Cashless: Present the insurance card at a network hospital; the hospital coordinates directly with the insurer for pre-authorization.
- Reimbursement: For non-network hospitals, pay upfront and submit original bills and discharge summary to the insurance portal within 30 days of discharge.
- HR's Benefits team is available to assist with any claim that is delayed or rejected.

DD.3 Life and Accident Insurance — Claims

In the event of an employee's death or disability, the nominee or the employee should contact HR's Benefits team, who will coordinate the claims process with the insurer and provide support to the employee's family throughout.

CHAPTER 76**Diversity, Equity, and Inclusion — Program Detail****EE.1 Employee Resource Groups**

Surya Enterprises supports employee-led Employee Resource Groups (ERGs), including a Women in Tech network, an LGBTQ+ and allies network, and an accessibility advocacy group, each with a modest annual budget for events and speaker sessions coordinated through the DEI Council described in Chapter 27.4.

EE.2 Inclusive Hiring Practices

Job postings are reviewed for inclusive language before publication, interview panels are composed to include diverse perspectives where feasible, and structured scorecards are used to reduce the influence of unconscious bias in hiring decisions.

EE.3 Accessibility

Office locations include wheelchair-accessible entrances, restrooms, and meeting rooms. Digital tools and internal documentation are reviewed periodically against WCAG 2.1 AA accessibility guidelines.

CHAPTER 77**Corporate Social Responsibility — Program Detail****FF.1 Focus Areas**

Surya Enterprises's CSR program, governed by the CSR Committee described in Chapter 51 (Legal Entity Structure), focuses on three areas: digital literacy education in government schools near company offices, scholarships for underprivileged students pursuing STEM education, and community health camps conducted in partnership with local NGOs.

FF.2 Employee Volunteering Program

Beyond the 2 paid volunteering days described in Chapter 31.3, employees may nominate a registered non-profit for a matching-grant donation of up to INR 10,000 per employee per year, matched by the company following HR verification of the organization's registration.
